Genial

GENIAL APPOINTS SIMON PECK AS NEW MANAGING DIRECTOR

8th November 2021, Chester: Simon Peck has been appointed Managing Director of quality and information management software company, Genial. He joins from boutique technology advisory and solution company, Disrupt & Thrive, where he was Managing Director. Prior to this Simon held senior sales and business development roles within Cisco Systems & Oracle Corporation.

Following a short but successful time at Genial, who were acquired by parent company Harris in 2020, Mark Hawtin will be taking up a new role as Managing Director of fellow Harris healthcare business unit, K2 Medical Systems in January 2022.

Commenting on Simon's appointment, Mark said: "This is an exciting time for Genial. Simon's deep experience in the technology industry together with his collaborative leadership style, will be pivotal in ensuring Genial builds on recent investments to meet its strategic aims and continues to thrive".

About his new role, Simon commented: "I am delighted to be joining Genial at such an exciting time of change and growth. The newly appointed VP's of Sales, R&D and Customer Interactions have already made excellent progress in growing the business further alongside Mark and I very much look forward to working with the whole team."

ENDS

About Genial

Genial provides market-leading quality and information management software to life science and healthcare businesses across the globe. Established in 2007 and based in Chester in the UK, Genial's managed software services have been developed by experts and refined over years of usage in the field. As specialists in the area of healthcare laboratories, their products are carefully designed around the workflows, systems, processes and standards associated with these sectors.

About N. Harris Computer Corporation (Harris)

Genial is a business unit of Harris. Harris acquires vertical market software businesses, manages them using industry best practices, and builds them for the future. Through acquisitions, Harris has grown extensively from its roots in the utilities, local government, education, and healthcare sectors to operate over 160 businesses globally across more than twenty industries. Harris is an operating group of Constellation Software Inc. (TSX: CSU), one of North America's most active acquirers of software businesses.
